

M10 Ca

The M10 Ca was specifically designed for long products such as carrots and parsnips. It is the go-to weigher for small and medium carrot packers. The M10 Ca also offers a packing range from 5 to 50 pounds at rates up to 28 bags per minute, which makes it a versatile addition to any carrot packing facility.

FEATURES

- 10 long bucket scales to weigh long products effectively
- High speed computer scans the weights in all 10 buckets and chooses the best combination to provide the most accurate weight
- Strong, stable frame with vibration isolation
- Touchscreen computer
- Two computers for performing diagnostics or maintenance while also operating the weigher
- Operators can save packing style in the user-friendly program for quick and easy changeovers
- Optional belts instead of standard vibrating lanes
- Optional router for remote assistance
- All product contact points are either stainless steel or plastic
