

MD20 D

The MD20 D is the largest and fastest weigher in the Volmpack lineup. It comes standard with dosing buckets to make sure packing facilities keep up with the highest volume demands. The MD20 D also offers a packing range from 1 to 50 pounds at rates up to 100 bags per minute. The 20 buckets also let the operator choose between three modes (Speed Mode, Accuracy Mode, and Rolling Speed/Accuracy Mode).

FEATURES

- Two rows of 10 bucket scales to weigh a variety of produce types
- High speed computer scans the weights available in all 20 buckets and chooses the best combination to provide the most accurate weight
- Operator can choose between Speed Mode, Accuracy Mode, and Rolling Speed/Accuracy Mode for their preferred output
- Strong, stable frame with vibration isolation
- Touchscreen computer
- Two computers for performing diagnostics or maintenance while also operating the weigher
- Operators can save packing styles in a user-friendly program for quick and easy changeovers
- Optional belts available versus vibrating lanes
- Optional router for remote assistance
- All product contact points are either stainless steel or plastic
- Service up to four packing machines at once
