

# EZ Privacy Screen®

Durable, High-Tech Privacy Screening

EZ Privacy Screen® is a lightweight, durable mesh that restricts visual intrusion, reduces passerby attraction and conceals unsightly areas. Easily installed using the integrated buttonholes. It can be used for back yards privacy, property line fences, construction sites, recreation areas and much more.

Due to variations in individual user's monitor settings, calibrations, color print settings and lighting sources, we recommend submitting a sample request for closer color matching purposes.

PMS/Pantone® codes given most closely match actual fabric colors.
